We strongly advise that you do not use Power Tools, such as drills or electric screwdrivers during the assembly as this may cause irreparable damage and will invalidate your warranty.

PARTS

Please ensure you carefully check all the pieces, should you have any concerns please contact the retailer before assembly commences. Please have your order number, details of the issue, the product code, and the batch number from the cartons as this will help us to resolve your issue much faster.

ASSEMBLY ADVICE

Please take the time to carefully read through these instructions before you commence.

Keep these instructions for future reference.

We advise that the product is assembled in the room it is intended for.

We advise that you keep the hardware in a bowl during assembly to avoid losing anything.

We strongly recommend that you keep children away from the work area.

Small component parts could choke a child if swallowed.

We recommend you use a sheet or blanket to protect both floor and product through the assembly stages.

Never push or pull the product as this could cause both personal injury or irreparable damage to product or floor.

We have tried to make this piece of furniture easy to assemble if the instructions are followed carefully.

In the unlikely event that you have problems with assembling the product or have missing or damaged parts, please contact your retailer and we will assist them in rectifying the problem as quickly as possible.

Remember we strongly urge you DO NOT use power tools such as drill or electric screwdrivers as this could cause irreparable damage to your product and will invalidate your warranty.

Syncing the remote control

Remote not syncing to the foot end

On the inside of the foot end, you will see a rocker switch with up written above it and down written below it, as shown in the picture below.

Press and hold the switch to the up position

Whilst keeping the up switch pressed down, plug in the mains adaptor whilst keeping hold of the up switch for 3-5 seconds.

Press the up or down button on the remote control within 30 seconds after letting go of the up/down switch, your remote will now be paired to the foot end.

Note: For illustration purposes only, TV connections may vary.

TIP:
BEFORE FITTING THE TV,
PUSH CABLES THROUGH
EACH DUCT FROM THE TOP.
CHOOSE THE BEST SIDE TO
USE DEPENDING ON WHERE
THE CONNECTION PORTS
ARE ON BACK OF YOUR TV.
NEVER CROSS CABLES FROM
ONE SIDE TO THE OTHER.

Leads for
HDMI or Aerial

TV Power Lead supplied
with your own TV

If required, please
purchase HDMI
leads about 3mt
long and length of
aerial lead to suit
the position of your
wall socket.

Slide gas-lift cylinder stem (x) onto the axle (y) then fit the flange lock-nut (J). Tighten nut with spanner (P) do not over-tighten.

A small gap must be left so stem can move freely - this is important, see sketch above.

GENERAL CARE & MAINTENANCE

We advise that when cleaning the product that a damp cloth is used.

Avoid the use of all household cleaners and abrasive.

Never push or drag the furniture.

Never attempt to move the furniture when fully loaded.

We advise that periodically all fixing are re-tightened.
